Large Boats

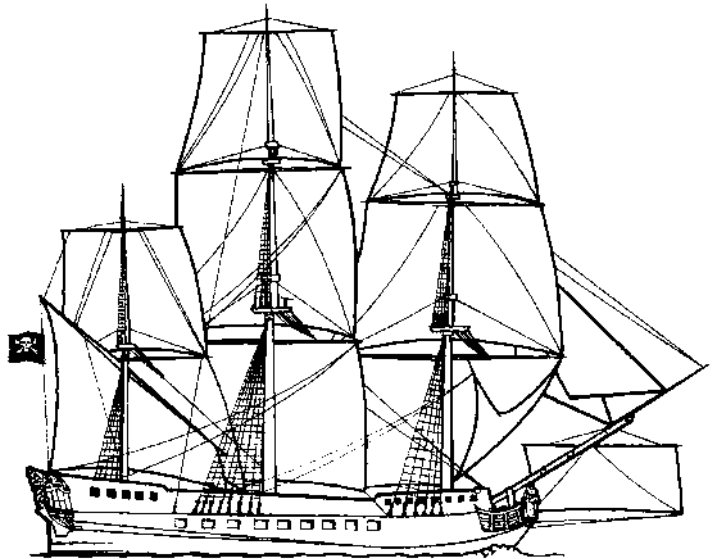

PADDLEWHEEL STEAMBOAT

These boats were used in the late 1800s. Nowadays, paddlewheel steamboats are used for river cruises.

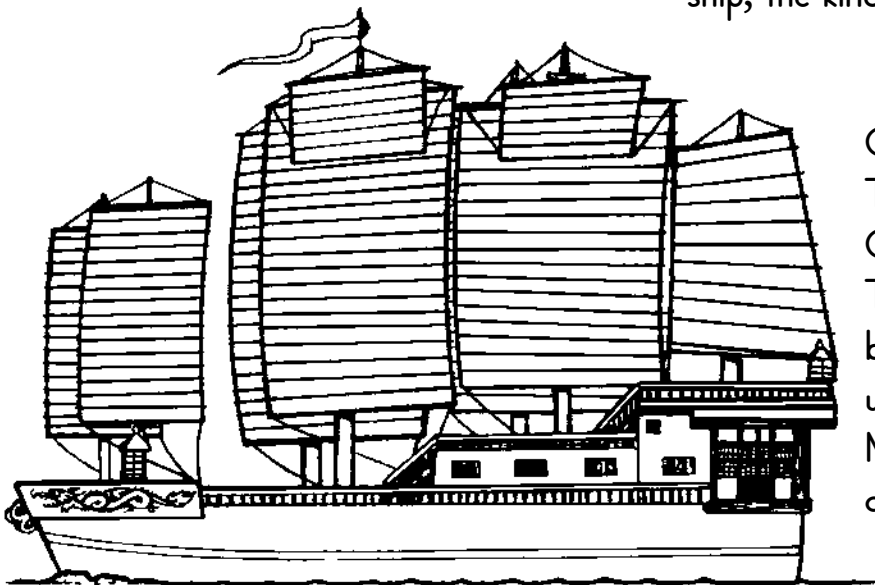

TUGBOAT

Tugboats are small, powerful boats that are used to move large vessels in and out of harbors. Tugboats are also used to salvage sunken vessels.

SQUARE-RIGGER

This is an old type of very large sailing ship, the kind used by pirates.

CHINESE JUNK

This is a traditional type of Chinese boat made of wood. The sails were braced with bamboo rods. Old junks were used as long ago as the 1300s. Modern junks have engines in addition to the sails.
